OOOPs!

I'm sorry Cathy. There was a figure to go with that letter (attached) These locations were Techlaw's recommendations. There were a couple of additional locations that Eva added that aren't on the figure, but described in the letter.

Carolyn-

The attachment to your July 3rd letter references figures and locations for additional wells requested at Site ST012. There were no figures attached to the pdf. Would it be possible to send the figures electronically? Thank you.
